ermin.huremovic90@gmail.com

Kalesija 75260, Bosnien und Herzegowina

SUMMARY:

I am a highly motivated junior Python developer and strive to use my knowledge and skills in software development to create innovative solutions. I have more than 10 years of professional experience in sheet metal processing, from CAD drawings to management. Now I am aiming to return to the IT industry and am looking forward to find opportunities to showcase my skills.
